## YOUR PARTNERS FOR INDEPENDENT SURVEILLANCE

### MIKE GILLESPIE – MANAGING DIRECTOR AND CO-FOUNDER OF ADVENT IM

Mike is well versed in the threat to organisational assets. With many years' experience across both cyber and physical security worlds, he is now the Cyber Security lead adviser for the UK Government's Biometrics & Surveillance Camera Commissioner.

Mike is retired from the board of the Security Institute where he served as Director for several years. As a subject matter expert Mike is called upon regularly to speak at events and contribute editorial, including for the BBC and The Sunday Times as well as regular cyber and physical security and technology industry media. He is also part of the editorial board for Professional Security Magazine, a regular speaker at key events such as Security & Policing, IFSEC, SCTX and International Security Expo.

### IAN WARREN – SENIOR SECURITY CONSULTANT

A focused, resolute and pragmatic security consultant/practitioner with over 14 years of experience providing current government standard physical security advice and guidance, enabling businesses to deliver their essential output safely and securely in the UK and overseas environments.

As a Consultant, in the majority of cases, Ian takes on a Project Manager- type role that requires him to initiate a project and manage the various stages through to completion. This will involve liaising with staff within the organisation either to gain information or to allocate a task. Invariably he will have responsibility for producing output for these projects. This may include but is not limited to:

- Physical Security Reviews
- Surveillance Camera reviews
- Red Teaming
- Project Plans
- Business Case Management Reports
- Workshops/Presentations
- Privacy Impact Assessments
- Policies & Procedures
- Compliance Audits
- ISO27001 implementation activities
- Training Gap Analysis
- Data protection/GDPR Reviews (including surveillance systems)

### ABOUT ADVENT IM LTD

Advent IM is the UK's leading independent holistic security consultancy. Our aim is deliver end to end solutions which ensure best practice compliance with industry standards and deliver effective security to minimise security breaches. We don't sell any products; we provide professional advice and guidance so that your information and physical assets are protected.
