

FRAMEWORKS & STANDARDS

Background

We believe in partnering collaboratively with you – not doing consultancy to you – working within standards and frameworks that support Governance, Risk and Compliance (GRC) principles; which is why our services are bespoke to your specific business needs and drivers and are therefore sustainable and scalable to meet business change.

Scope of Our Frameworks & Standards

Our frameworks, standards and legislation include;

- ISO27001/2
- UK DATA PROTECTION ACT (2018) / GDPR
- CYBER ASSESSMENT FRAMEWORK (CAF)
- NIST (CSF)
- GOVASSURE
- SECURE BY DESIGN (SbD)
- JSP440
- SECURITY ASSESSMENT FOR POLICING (SYAP)
- GOVERNMENT FUNCTIONAL STANDARD GOVS 007: SECURITY
- CYBER ESSENTIALS / CYBER ESSENTIALS PLUS
- ISO22301
- NHS DATA SECURITY AND PROTECTION TOOLKIT (DSPT)

Why Choose Us

We can help you gain real business benefits through tangible cost savings, improved security practices that deliver efficiencies and ROI on your organisational security posture, security programmes and projects.
